

Abbotts Bridge Road

From Jones Bridge Road to Parsons Road

PROJECT OVERVIEW

The mile-long project includes adding turn lanes, wide through-lanes, beautification, and pedestrian trails.

PROJECT TIMELINE

The City received the Notice to Proceed in October 2016 and construction is expected to be completed by Fall 2017.

KEY POINTS

- Deceleration lanes into subdivision entrances.
- Center left-turn lanes.
- Turn-lanes will pull traffic out of the through-lane, allowing traffic to flow more smoothly.
- The road will be widened.
- Landscaped medians.
- 10-foot trails on each side.
